Dear Scott:

I wanted to take this opportunity to let you know how utterly thrilled I am with my new bathroom! It certainly met and exceeded all my expectations--it is simply gorgeous.

Not only are the granite, marble, tumbled glass, paint, and other details beautiful, but the speed with which it all happened and minimum of inconvenience was amazing. Everything Chris and John did was expertly executed and happened faster than any other project I have had done. Everywhere I go I look at crown molding, casings, etc. and never see any that measure up to mine in terms of quality or perfection of installation.

I would not hesitate for a moment to recommend Amadeus for any project—and would find it hard to even think of calling anyone else, for fear the workmanship would just not measure up.

Thanks again for a job well done!

Sincerely,

Sandra B. Brown
